

April 2025 Newsletter

Pallet Chief Manufacturing

Greetings,

The new tariffs initiated by the Trump administration are at the forefront of every consumer's mind worldwide. Knowing that, we at Pallet Chief recommend making your purchase now before we are forced to change our prices. At this time, we are holding to our current prices and plan to do so as long as possible. However, the global financial situation may necessitate a price increase. Now may be the most opportune time to invest in a pallet-making machine to help your bottom line.

In last month's newsletter, I gave you a sneak peek of our newest PC III design, which can nail two pallets simultaneously and either end to end or side to side. The response to our new design has been exciting for us and, I'm sure, for those who purchased the machines.

Call me now so we can design a pallet-making machine specific to your needs. Use the links below to see the PC III in action and for more information. Another "Dual Pallet PC IIIs" we are currently testing is included. This is just one example of how we think "outside the box" to meet our customers' specific requirements.

We are sure that when the process is complete, you will be pleased with the result and impressed with how we customized the process to give you what you need.

Call me now, and I will answer all your questions. Let's work together to design and build a pallet-making machine that meets your specific needs.

One of the best ways to build a business is to meet the needs of those served. That is a primary philosophy of Pallet Chief. By providing you with the most efficient way to make pallets, we can do our part to help you increase productivity and save money.

Our machines are easy to operate and maintain and often pay for themselves within the first year of operation.

NOW IS THE TIME TO ACT. DON'T WAIT TO INCREASE PRODUCTIVITY AND SAVE MONEY!

Our sales team will happily assist you with your order or answer any questions you may have.

Don't hesitate to get in touch with Kim by phone at 256-245-0417 or by email at Kim@palletchief.com or contact me at the contact information below for more details.

Remember, we have an excellent financial advisor in , Chris Pfriem, with American Bank, who partners with us to provide outstanding financial services. They also offer 3 to 6-month deferred payment options to those that qualify. Chris and his team have helped hundreds of our clients secure affordable financing and terms. He can be reached at CPfriem@americanbank.com or 440-579-0404. Please feel free to contact him anytime during your decision-making process.

*Confidential information may be sent to us securely via our free online banking service, which is available at www.AmericanBank.com. You may contact us with questions or concerns at (361) 992-9911 or email to info@AmericanBank.com.

I look forward to giving you more industry “nuggets” next month.
