Pallet Chief Manufacturing

Greetings,

I hope you are having a great "New Year" and hope you have huge personal, and business gains the remainder of this year.

We have been very busy with some custom machines in the first quarter of the year and I would like to give you a sneak peek into the "industries first" machine that nails and stacks 2 pallets at one time. This is just one example of how we think "outside the box" when we are designing machines for you. Sometimes the process takes a little longer than expected but the end result will leave you very pleased and satisfied.

This machine is an oversized PC III. It builds 108 x 48-inch pallets and sizes down to 40x40. The videos I am attaching show the machine in the testing process. Take a look at the videos and see the capabilities of our engineering department.

- [Nailing 2 pallets at once](#)
- [Nailing, ejecting, and stacking 2 pallets at once](#)
- [Nailing 2 pallets at 1 time test](#)

Let me know what you think!

Basically, we want to do our part in helping you invest in your business by providing you with the most efficient way to maximize your productivity. Not only are our machines easy to operate and easy to maintain, but they often pay for themselves within the first year of operation.

NOW IS THE TIME TO ACT. DON'T LOSE VALUE IN WAITING!

Our sales team would be happy to assist you in your order or answer any questions.

Please get in touch with Kim by phone at 256-245-0417 or by email at Kim@palletchief.com or sales@palletchief.com, or contact me at the contact information below for more information.

Remember, we have an excellent financial advisor in Chris Pfriem, with American Bank, that partners with us to provide excellent financial services. They also offer 3 to 6 month deferred payment options to those that qualify. Chris and his team have helped hundreds of our clients secure affordable financing and terms. He can be reached at CPfriem@americanbank.com or 440-579-0404. Please feel free to contact him anytime during your decision-making process.

*Confidential information may be sent to us securely via our free online banking service available at www.AmericanBank.com. You may contact us with questions or concerns at (361) 992-9911 or email to info@AmericanBank.com.

I look forward to giving you more industry “nuggets” next month.
