Pallet Chief Manufacturing

Greetings,

First of all, we here at Pallet Chief would like to express our thoughts and prayers to any of you or people close to you that may have been affected by the last 2 hurricanes. We pray that you receive the help you need and are able to recover as best as you can.

I wanted to reiterate the importance for you to go ahead and plan your next year's business goals and order your equipment now to be able to utilize your investment as early as possible in the new year. Check out our equipment at www.palletchief.com.

We have had a great response from our "Sod Farmers" in contacting us with their plans for next year's season! Now is the time to think about placing your order to get your equipment (Skid Machine), at the start of the "sod season". Now is the time to start gathering information. You can check out our Skid Machine at <https://palletchief.com/pallet-nailing-machines/sod-skid-machine/>.

I would be happy to negotiate a deal with you or give you additional information.

Basically, we are wanting to do our part in helping you invest in your business by providing you with the most efficient way to maximize your productivity. Not only are our machines easy to operate and easy to maintain, but they often pay for themselves within the first year of operation.

NOW IS THE TIME TO ACT. DON'T LOSE VALUE IN WAITING!

Our sales team would be happy to assist you in your order or answer any questions.

Please get in touch with Kim by phone at 256-245-0417 or by email at Kim@palletchief.com or sales@palletchief.com, or contact me at the contact information below for more information.

Remember, we have an excellent financial advisor in Chris Pfriem, with American Bank, that partners with us to provide excellent financial services. They also offer 3 to 6 month deferred payment options to those that qualify. Chris and his team have helped hundreds of our clients secure affordable financing and terms. He can be reached at CPfriem@americanbank.com or 440-579-0404. Please feel free to contact him anytime during your decision-making process.

*Confidential information may be sent to us securely via our free online banking service available at www.AmericanBank.com. You may contact us with questions or concerns at (361) 992-9911 or email to info@AmericanBank.com.

I look forward to giving you more industry “nuggets” next month.
