

September 2024 Newsletter

Pallet Chief Manufacturing

Greetings,

We hope you're having a great start to the "Fall Season." In this edition of our newsletter, we wanted to remind you of how important it is for you to go ahead and plan your next year's business goals and order your equipment now to utilize your investment as early as possible in the new year. Check out our equipment at www.palletchief.com.

I also wanted to remind our "Sod Farmers" that now is the time to think about placing your order to get your equipment (Skid Machine) at the start of the "sod season." Now is the time to start gathering information. You can check out our Skid Machine at www.palletchief.com/pallet-nailing-machines/sod-skid-machine.

I would happily work with your requirements and budget to negotiate a deal to get you the equipment you need when you need it.

We want to help you maximize the return of your investment by providing equipment that will maximize productivity. Not only are our machines easy to operate and easy to maintain, but they often pay for themselves within the first year of operation.

NOW IS THE TIME TO ACT. DON'T LOSE VALUE BY WAITING!

Our sales team would be happy to assist you in your order or answer any questions you may have.

Please get in touch with Kim by phone at 256-245-0417 or by email at sales@palletchief.com if you have any questions or are ready to order. Alternatively, feel free to contact me at the contact information shown at the end of this newsletter.
